### EVENT DESCRIPTION

#### REGISTRATION

- Interested team must register for the game via our payment partners' platform.
- Set your profile with proper contact information and please add proper details while registration, so we can contact you.

#### GAME FLOW

- The Treasure Hunt will begin from Chautari (starting point) where the teams will be provided the first clue using our customized app.
- The team members are expected to work together to find the next location according to the provided clue.
- After reaching to provided location, the team members need to scan the entire location thoroughly until they pin-point the exact location by using the scanner of the app.
- After scanning they will receive the next clue pointing another location.
- The sequence will continue until the team members reach the final destination.
- The team to reach the final destination in shortest time period will be the winner.

*Note: Any technical difficulties faced by the participants is not a liability of the organizers and no refund shall be made. The committee has the right to ban any participant in case of any suspicious activity or malicious intent.*
